Leipzig University, a leading research university, offers a comprehensive range of study programmes and is known for its strong international presence.

**International University**

Leipzig University is an international study location and maintains partnerships with universities worldwide. The university offers 34 international study programmes, including 2 EU-funded Erasmus Mundus Master courses of study, 17 integrated international courses of study and 4 Bachelor PLUS Programmes with integrated period of study abroad. Furthermore, there are particularly intensive relationships with universities in Mexico, Brazil, South Africa, Tanzania, Argentina, Japan and Korea.

**Institutions Steeped in Tradition**

Leipzig University possesses unique features which are steeped in tradition, such as the botanical garden, the Museum of Antiquities, the Egyptian Museum, the Grassi Museum and the University Library. The university has a library with over 5 million books and 850 reading spaces.

**Campus Augustusplatz**

The university campus in the heart of Leipzig is perfect for studying, with modern and well-equipped lecture theatres and seminar rooms. The remaining buildings provide the best possible study conditions with special facilities such as the botanical garden, the Museum of Antiquities, the Egyptian Museum, the Grassi Museum and the University Library. The university has a library with over 5 million books and 850 reading spaces.
Today Leipzig University has repeatedly originated from Leipzig. With its wide range of subjects studied here, important contributions to the development of the sciences, the university enriches cultural life in Leipzig through its centuries old institutions such as the University Orchestra, the University Choir and the big band ‘Unibigband’. The university runs six special research areas and, together with the University of Halle-Wittenberg and the University of Jena, forms the university network Halle-Jena-Leipzig. Interdisciplinary research institutions such as the German Centre for Integrative Biodiversity Research (iDiv), founded by the DFG research centre.

Leipzig University has gained a national and international reputation. Today the university has over 130 institutes and centres focus on cross-subject orientation there are courses of study such as Global Studies, German as a Foreign Language, Computer Science and Computer Science and Management.

Over 17,000 faculty and 21,000 students conduct research and teach at Leipzig University. The university reacts to the challenges of life-long learning with a comprehensive programme of postgraduate scientific education.
