The Faculty of Veterinary Medicine seeks to fill the following professorship at the earliest opportunity:

**W2 - Professorship “Molecular Pathology”**

A qualified candidate is able to represent the field of “molecular pathology” in teaching, research and service. We are looking for applicants who can offer personal expertise in molecular and experimental pathology. They should have an innovative research profile with a strong scientific orientation documented by outstanding publications in peer-reviewed journals and successful third-party fundraising activities. We expect engagement to develop and establish new scientific and diagnostic techniques at the institute and the center for pathology and anatomy of the faculty of veterinary medicine.

Candidates have to be German board-certified specialist for veterinary pathology and/or diplomate of the European or American college of veterinary pathologists (ECVP/ACVP). It is obligatory for the professor and his/her scientific and technical assistants to contribute to the diagnostic service, specialist training, and teaching duties of the institute.

The professor for molecular pathology will officially lead the collaboratively used molecular biological laboratory of the institute. Furthermore, interest in laboratory animal research and the qualification as a project leader or deputy project leader for animal experiments according to § 8 of the German law for the protection of animals (Tierschutzgesetz, TierSchG) would be an advantage.

The chair for molecular pathology should contribute to and strengthen the experimentally-oriented future research focus of the institute. The willingness to cooperate with other scientific organizations within the Faculty of Veterinary Medicine as well as Leipzig University is expected. Engagement concerning the strategic research foci of Leipzig University, including “molecular and cellular communication in therapy and diagnostics” and “diseases of affluence” is of particular importance.

Rights and obligations of the jobholder are within the Saxonian university law (Sächsisches Hochschulfreiheitsgesetz, SächsHSFG) and the Saxonian public service task regulation (Sächsische Dienstaufgabenverordnung, DAVOHS). Applicants must meet the requirements of § 58 SächsHSFG.

The University of Leipzig emphasizes the equality of women and men.

Handicapped applicants are encouraged to apply and given preference if equally qualified.

Applications with the usual documents – including a detailed CV, a list of the scientific work and academic teaching including available records of teaching evaluations and a certified copy of the certificate of the highest acquired academic degree, as well as a draft paper concerning the strategic orientation of the chair for molecular pathology in science, diagnostics and teaching – should be sent, preferably also in a digital format as one PDF-document, by no later than **21 June 2019** to:

**Universität Leipzig**  
**Dean of the Faculty of Veterinary Medicine**  
**Professor Walter Brehm**  
**An den Tierkliniken 19**  
**04103 Leipzig**

An application via email entails data protection and privacy risks. The sender therefore bears full responsibility.

By sending us your application documents you consent to the processing of the data contained within for the purpose of the professorial appointment process for the advertised junior professorship. You can revoke your consent at any time.
The processing takes place exclusively for this professorial appointment process and is carried out on the basis of Article 6 of the GDPR (General Data Protection Regulation). This includes passing on data to the members of the Professorial Appointment Commission, the Commissioner for Equal Opportunities, the Representative Body for Severely Disabled Employees, the Professorial Appointment Commissioner, the Assessors, the Rectorate, the Faculty and University Administration and the Saxon State Ministry for Science and the Arts as part of their organisational or legal responsibilities. The storage of the data is subject to archive law provisions.

In accordance with the GDPR you have the right to receive information from the recipient of the application about your personal data, the right to correction, deletion or restriction of processing, as well as a right to object to processing.

If you have any questions, please contact the Leipzig University data protection officer (Mr Thomas Braatz, Augustusplatz 10, 04109 Leipzig, Tel.: 03419730081).
