Reference number 96/2020

POSTDOCTORAL RESEARCHER (M/F/D)

Fixed term of 3 years
100% of a full-time position
Salary: Entgeltgruppe 13 TV-L

The Faculty of Life Sciences’ Chair for Work and Organizational Psychology at the Institute of Psychology – Wilhelm Wundt seeks to fill the above position as part of the Momentum concept “The Role of Work in the Development of Civilization Diseases” funded by the Volkswagen Foundation, at the earliest opportunity.

The funded concept involves the content-related and strategic development of the Chair for Work and Organizational Psychology, in particular the role of work design and work-related actions with regard to the prevention, occurrence and development of civilization diseases (e.g., obesity, cardiovascular diseases, respiratory diseases, depression). In addition to research activities, the project aims to develop innovative teaching and learning concepts and to promote the transfer of knowledge into practice. We offer a cooperative, highly motivated and research-oriented environment and excellent prerequisites for further academic qualification (e.g., regional networking, international research contacts, well-equipped work environment).

Job description
- Scientific work as part of the funded concept, in particular planning and implementation of longitudinal field studies (also experience sampling studies) and experimental studies (especially studies in which physiological data are collected)
- Preparation of scientific publications in international journals
- Presentation of research findings at scientific conferences
- Supervision of theses (BSc/MSc) and research-oriented internships on the subject of work and health
- Transfer of scientific knowledge on work and health into teaching and organizational practice as well as science communication

Further scientific qualification within the funded concept is desired.

Requirements
- Excellent master’s degree or equivalent and completed doctorate in (work and organizational) psychology or a related discipline
- High-quality publications in international journals in the field of work and organizational psychology and related disciplines
- Proven interest in topics of occupational health psychology (e.g. stress)
- Very good knowledge of empirical research methods (e.g. longitudinal studies, physiological measurements) and advanced statistics (e.g. multi-level analyses, structural equation models)
- Very good spoken and written English language skills
- High levels of conscientiousness, self-management skills, personal initiative and teamwork skills

Please send your application with the usual documents, quoting reference number 96/2020, preferably by email as one PDF document, to:

Privacy information
The personal data contained within your application documents or obtained during the interview will be processed exclusively for the purposes of the selection process for the position advertised. The legal basis for such data processing is Section 11(1) of the Saxon Data Protection Implementation Act (Sächs DSG) in conjunction with the EU General Data Protection Regulation (GDPR). The controller for the application process within the meaning of the GDPR is the addressee of the application, as specified in the respective advertisement. When processing your application, your personal data will be passed on within Leipzig University to

- members of the selection committee
- the human resources management teams
- the Commissioner for Equal Opportunities
- the Disability Officers and
- if necessary, the Staff Council

as part of their organisational or statutory responsibilities.

Your personal data will be erased no later than six months after completion of the selection process. In accordance with the GDPR, subject to the relevant statutory requirements you have the following rights vis-à-vis the addressee of the application with regard to your personal data: right of access (Art. 15 GDPR); right to rectification of inaccurate personal data (Art. 16 GDPR); right to erasure (Art. 17 GDPR); right to restriction of processing (Art. 18 GDPR); and right to object to processing (Art. 21 GDPR). If you have any questions, please contact the Data Protection Officer at Leipzig University (office: Augustusplatz 10, 04109 Leipzig). You also have the right to lodge a complaint with the Saxon Commissioner for Data Protection.
