As a joint appointment with the Helmholtz Centre for Environmental Research (UFZ), the Faculty of Chemistry and Mineralogy at Leipzig University seeks to fill the following professorship at the earliest opportunity:

**Full (W3) Professorship in Environmental Chemical Technology**

This professorship will promote research in chemical technology and environmental chemistry as well as environmental engineering at both institutions. The professorship is linked with the position of Head of the Department of Environmental Engineering at UFZ.

The successful candidate is expected to be internationally distinguished by outstanding research performance in topical fields of chemical technology and environmental chemistry, preferably related to the chemical or physical treatment of large mass fluxes and contaminated aqueous media. Broad expertise in these fields and a specific interest in application-oriented research into catalysis and electrochemistry would be appreciated.

The candidate should seek to enhance and strengthen established activities at the University’s Institute of Chemical Technology and at the UFZ’s Department of Environmental Engineering. Good complementarity with the Faculty’s research at Leipzig University and an openness to intensive future collaboration are desired. The candidate will be expected to integrate and adjust his or her research profile in line with the ongoing research programmes of the Helmholtz Centre for Environmental Research. Comprehensive aims – in cooperation with biochemists, biotechnologists and toxicologists at UFZ – include closing cycles of matter, process-integrated environmental protection, and developing options for modern chemicals management. Heterogeneous catalysis and electrochemistry are important components required for solution-oriented research.

The holder of the position will be expected to contribute to teaching at the faculty in BSc and MSc Chemistry courses, in particular in the field of environmental chemical technology, in both German and English.

The appointment will occur according to the “Jülich Model” between Leipzig University and the Helmholtz Centre for Environmental Research (UFZ). Appointment by the University entails immediate delegation to the UFZ. The teaching contingent at Leipzig University is limited to 2 to 4 hours per week. The place of work is the UFZ in Leipzig.

The job holder’s rights and obligations are regulated by the Saxon Freedom of Higher Education Act (SächsHSFG) and the Saxon Service Regulations for Higher Education Institutions (DAVOHS). Applicants must meet the requirements of Section 58 SächsHSFG.

The successful applicants must demonstrate excellent scientific performance, evidenced by a junior professorship, habilitation or equivalent graduation at a university or non-university institution. Teaching experience is welcome. Experience in attracting external funding as well as leading research units is expected.

Leipzig University and the UFZ are committed to the equality of women and men. Severely disabled persons are encouraged to apply and will be given preference in the case of equal suitability.

The selection committee comprises members of Leipzig University and the UFZ.
Applications with the usual documents, including a detailed CV, a list of scientific work and academic teaching to date, including available records of teaching evaluations, as well as a certified copy of the highest academic degree acquired should be sent, either by post or electronically as a single PDF document, to

Leipzig University
Dean of the Faculty of Chemistry and Mineralogy
Professor Dr. Roger Gläser

Purpose and legal basis of the processing of personal data:

Any data you provide us with in connection with your application will be processed only for the purposes of this selection process and, where appropriate, in preparation for your employment. The legal basis of the processing of your personal data for appointing civil servants/for employment-related purposes is Art. 6(1) Sentence 1(e) in conjunction with (3), Art. 88 GDPR in conjunction with Sect. 111(6) of the Saxon Civil Servants Act (SächsBG) in conjunction with Sect. 4(1) Sentence 1 of the Saxon Data Protection Act (SächsDSG), and Sect. 26 of the German Federal Data Protection Act (BDSG). Insofar as you provide special categories of personal data during the application procedure within the meaning of Art. 9(1) GDPR (e.g. data concerning health, such as severely disabled status), that data will be
processed so that you can exercise your rights in the field of employment and social security and social protection law and so that the controllers can carry out their obligations in this regard under employment and social welfare law (Art. 9(2)(b) GDPR).

Disclosure to third parties:
Your application documents will be made available to the members of the appointment committee, which is composed of representatives of Leipzig University and the UFZ, the participating Equal Opportunity Commissioner, the Disability Officer(s) if involved, the appointment officer, external assessors, the Rectorate, the Faculty and University administration, the Saxon State Ministry of Science and the Arts (SMWK), representatives of the UFZ and the UFZ Supervisory Board.

Personal data storage period:
The duration of the storage of personal data is governed by Sect. 11(4) of the Saxon Data Protection Implementation Act (SächsDSDG). This stipulates that data collected prior to the commencement of a service or employment relationship must be erased without undue delay as soon as it is established that a service or employment relationship will not be established. This does not apply if there is reason to believe that the erasure would harm the legitimate interests of the data subject.

If your application is successful, your documents will be added to your personnel file.

Your rights:
You have the following rights vis-à-vis the controller with regard to your personal data:
- Right of access (Art. 15 GDPR)
- Right to rectification (Art. 16 GDPR)
- Right to erasure (Art. 17 GDPR)
- Right to restriction of processing (Art. 18 GDPR)
- Right to data portability (Art. 20 GDPR)
- Right to object to data processing, where the data is collected based on Article 6(1) Sentence 1(e) or (f) (Art. 21 GDPR)
- Right to lodge a complaint with the competent supervisory authority (Saxon Commissioner for Data Protection, Bernhard-von-Lindenau-Platz 5, 01067 Dresden for Leipzig University and Federal Commissioner for Data Protection, Husarenstr. 30, 53117 Bonn for the UFZ) (Art. 77 GDPR).

Obligation to provide data:
The provision of personal data is necessary to ensure the legality of the planned selection process. Failure to include relevant personal data in the application documents may result in your application not being considered for the post. Leipzig University’s legal requirements during the selection process result in particular from Art. 33(2) of the Basic Law (GG), the Constitution of the Free State of Saxony (SächsVerf), the General Act on Equal Treatment (AGG), the Saxon Freedom of Higher Education Act (SächsHSFG), and budgetary law.
